2019 LFL Regional Conference – Joppa, Maryland – Speaker Information

- **Rev. Scott Licht**, National Director of Lutherans For Life – “**Four Little Words**” – In this session, we will explore how four little words can be both the most deadly and the most joyful at the same time.
- **Dr. Robert Benne**, Jordan Trexler Professor Emeritus & Research Associate for Religion and Philosophy – “**Our Pro-Life Callings**” – Dr. Benne will be presenting an argument that as Christians we have multiple ways—through our various vocations—to support the pro-life cause. We belong to families, churches, states, and employments where we can exercise those callings. He will illustrate those callings by telling the story of a remarkable woman who moved from a radical pro-choice, atheistic position to a hearty pro-life posture, which involved bearing a baby out of wedlock.
- **Rev. Mark Chavez**, General Secretary, North American Lutheran Church – “**Abundant Blessings in Dying and Death**” – The Scripture theme is Job 12:10 – “In his hand is the life of every living thing and the breath of all mankind.” The demand for elective abortion and physician assisted suicide is the idolatrous assertion that life rests in human hands, not God’s. It is one of the most tragic symptoms of our sinful human rebellion against the living God. It alienates us from God and from each other. Furthermore, these forms of murder rob us of the abundant blessings God desires to shower upon us. The killing of the unborn child obviously cuts off divine blessings, but so does the killing of the sick and the dying. This presentation will focus on the abundant blessings our Heavenly Father showered upon his child, Jocelyn Chavez, over the course of her long terminal illness. The blessings poured out upon her, her family, the body of Christ and even strangers.
- **Rev. Dr. Dennis Di Mauro**, Pastor of Trinity Lutheran Church, Warrenton, Virginia – “**The Maryland Physician-Assisted Suicide Bill**” – A discussion of the bill, its defeat and likely reintroduction, and the lessons of the Netherlands.
- Student speakers will share heartfelt presentations on important life topics.
